ARE YOU READY FOR THE NDIS?

Fact Sheet 1—True Cost Transport

Community Transport is currently subsidised by Transport for NSW so that **YOU PAY LESS FOR EACH TRIP**.

Under the NDIS, these subsidies will be removed. Meaning **YOU WILL PAY MORE FOR EACH TRIP** (known as “real cost”).

This means that your NDIS package will need to include enough funding to cover the **REAL COST** for all of your transport needs

You need to start this process today by contacting your local Community Transport Provider and talking to them about your transport needs and the real cost of your transport.

Your local Community Transport Provider is:
